

ADVANCED ROSE SEICHIM -THE NEW SHAMBALA STAR FORM OF SEICHIM ENERGY TRAINING©

Advanced Rose Seichim© is directly linked with the new energies of the fifth dimension, and beyond. During this extraordinary time on Mother Earth Rose Seichim gives the adept a specific way of integrating the new energy levels. It opens up the developing and changing chakra system, not only above the head, but also in other parts of the physical body. Specifically Shambala Star Seichim removes and transforms miasms that reside in our etheric bodies and transforms the patterns that have been carried by families and individuals down through the centuries. **This is the first time that we have really been given a clearly sign-posted and collective opportunity to transform miasms not only from our own system, but also from our family tree.**

The ancient knowledge, from which much esoteric philosophy has developed, is in turn being expanded by the unusual visions being received by different and perhaps physically unconnected individuals in all parts of the world. The knowledge has been submerged for centuries, and with the newly emerging wisdom Shambala Star has been created¹ as a workable platform for the individual who wishes to transform his or her life for the better. It is a simple and straightforward method of integration and transformation, which brings joy and love and abundance into the life of the individual. It also affects for the better all those with whom the individual is connected. The Shambala Star works towards increasing the critical mass of positive energy thereby assisting everyone to turn negatives into positive situations, no matter what they may be.

Shambala Star has close links to the **Compostela - the star field**. It is here that a city arose that drew pilgrims from every part of the world following the visit of the Virgin Mary shortly after the death of Christ. The symbol of these pilgrims was the scallop shell, and it is no coincidence that the new symbols that have emerged as part of Shambala Star have a link to the Compostela.

There are also strong links with the **Sisterhood of the Rose**. The Sisterhood can quite simply be described as a gathering of the Goddess. It is this Goddess energy that moves the energetic vibration into the realm of the Shambala Star. The Goddess symbol is the rose, and the rose is often the first thing that draws a person into a relationship with the Sisterhood. But the magic and energy of the Goddess vibration and the Sisterhood of the Rose then extends to a relationship with the Stars, and the Shambala Star in particular.

The rose energy course as described on the website - 'The Gathering of the Goddess' - enables the participant to become fully qualified in the use of the rose energy. This course, the Shambala Star, is a separate course designed as a simpler introduction to the energy of the Sisterhood. Details of this course are on the web site however, in summary, each module is \$55.00AUD and there are four modules. Initiations are included in the modules and these are provided at a time suitable to the participant and myself – these initiations are similar to the reiki attunements in some ways, however they take the participant to the second level of the rose energy. Please understand these courses will change your life – if you feel drawn to them it may be that this ancient energy is calling you home. Please consider
